Hosted by: The Seacoast Stormwater Coalition, a group of 15 Seacoast N.H. communities working together on stormwater pollution control with assistance from N.H. Department of Environmental Services staff. Funding to put on the workshop was provided by the New Hampshire Coastal Program (NHCP) through the National Oceanic Atmospheric Administration's Office of Ocean and Coastal Resource Management pursuant to the Coastal Zone Management Act. The NHCP is a federally approved coastal program and is administered by the New Hampshire Department of Environmental Services.
